Welcome to the South Tyneside cycle map, and its surrounding area. This map is one of six in total, covering the whole of Tyne and Wear and South East Northumberland. The other five maps are

- North Tyneside
- Newcastle upon Tyne
- Gateshead
- Sunderland
- South East Northumberland

Whether you are cycling for business or pleasure, we trust that this map will help you to travel from A to B by bike safely and efficiently, using our ever expanding network of on- and off-road cycle routes.

3 South Tyneside

Whether you cycle for pleasure, fitness or travel, the cycle network provides for all types of cyclist. For the everyday cyclist the borough provides an extensive network of on and off road cycle routes that can be used for travel to work and school, or simply to enjoy the views. The borough's wide variety of cycle routes passes through many historic, scenic and interesting sites.

The National Cycle Network takes you around the perimeter of the borough where you can enjoy the views of Hebburn Riverside Park, a taste of what is left of ship building on the Tyne, the history of the Anglo Saxon Bede's World at Jarrow, a journey on the South Shields Ferry, or a breathtaking ride along the North East coast, passing the popular tourist attractions of Marsden Rock, Souter Lighthouse and panoramic sea views.

This cycle map will help you to plan your routes within the Borough, schools and places of employment, and will also show you how to access the coast, the River Wear and Tyne, to country parks, local nature reserves and places of interest.

If you have suggestions for cycling in South Tyneside regarding cycle maintenance or general cycling queries, please contact:
