

South Tyneside Council Interim Supplementary Planning Document 23:

Mitigation Strategy for European Sites (Recreational Pressure from Residential Development)

Adoption Statement

In accordance with Regulations 11 and 14 of the Town and Country Planning (Local Planning) (England) Regulations 2012, notice is given that South Tyneside Council adopted Interim Supplementary Planning Document (SPD) 23: Mitigation Strategy for European Sites (Recreational Pressure from Residential Development) on 18/04/2018.

Any person aggrieved by the adoption of Interim Supplementary Planning Document 23, and with sufficient interest in the decision to adopt, may apply to the High Court for permission to apply for judicial review of that decision. Any such application must be made promptly and in any event not later than 3 months after the date on which the relevant Supplementary Planning Document was adopted.

The Interim SPD 23 has been prepared to enable South Tyneside Council to fulfil its statutory duties to protect the integrity of European Designated Sites. The South Tyneside coastline forms part of internationally protected wildlife sites and the Council is required by legislation to undertake a Habitat Regulations Assessment of all project and plans which may have an adverse impact on the designated sites. It has been prepared in response to work commissioned to assess the potential risks to the sites from future residential growth, and provides a mechanism to fund access management measures to mitigate the adverse impacts from increased recreational pressure.

The adopted Supplementary Planning Document can be viewed electronically online and paper copies are available to view at:

South Shields Town Hall and Civic Offices
Westoe Road
South Shields
